Subject: ASAP deadline - update on potential extension request

Molly called to say the latest news on this is that the political team is cancelling their trip to AK in mid-August. I'm sure Dianne and Hanh may know more, but from the NEPA side, this is good news in that we don't need to pursue an extension of the deadline – and presumably can get our 404 letter out on the 14th as well. No more concerns regarding the political visit.

Thanks - Yay! Jill
